

Have any old electronics you'd like to get rid of?

Don't throw them away! Donate them to a local non-profit for recycling! eWaste4good is currently assisting us with an electronic waste recycling fundraiser. We are offering free at home/office pickup of ewaste. As helpful as electronics are, they break or become outdated and need be disposed of properly. eWaste4good safely recycles these electronics here in California and donates the proceeds to local organizations like ours!

Here's How It Works:

1. Fill in your information on the donation pickup request form.

2. Within a few days, one of the eWaste4good dispatchers will call you to schedule a pickup date from your home or office.

3. When the date arrives, leave your electronics outside in your driveway by 8am. eWaste4good will pick up the donation, recycle it, then send the recycling proceeds to our organization!
